

JIPE, Integrated Industrial Estate in Gresik, Famous in Hub Space X KAI Expo 2023

Admin -- 06 October 2023

Kuatbaca.com - At the Hub Space X KAI Expo 2023 event, the development of the Java Integrated Industrial and Ports Estate (JIPE) appeared as one of the main highlights. JIPE is an integrated industrial area located in Gresik, East Java, which has received a lot of attention from investors and industry stakeholders.

JIPE: Integrated Megaproject in Gresik

JIPE is an integrated area covering a total area of 3,000 hectares. This megaproject was developed by PT Pelindo (Persero) and PT AKR Corporindo Tbk. JIPE industrial area covers 1,761 hectares with 406 hectares of port facilities, and 800 hectares of residential area. This project is a major effort to connect various industrial sectors in a well-integrated environment.
